## Business of the Month: Monte Vista COOP

[MV COOP Website](#)

People like to do business with companies that give back to and are involved in their communities. The Monte Vista Cooperative Association takes that concept a step further. Our company is owned and run by members of the community, which means the Monte Vista Cooperative is in business, first and foremost, to serve its members, with all of our profits going back into the community. In 1949, a group of forward-thinking farmers formed the Monte Vista Cooperative Association (MVC) to pool resources in order to buy in bulk. This saved the farmers money, and in turn helped to balance the market and economy in the area. Today, the MVC has more than 7,000 members and not only offers farming and ranch necessities at its farm stores, but also provides petroleum services and stations, a full-service fertilizer department, grain marketing services, a tire sales and service department, and a full line of hay and potato equipment. MVC's purchasing power is evident in the premium manufacturers and brands we carry: Kubota, Cenex, Bridon Cordage, Land Pride, Cattleman's Choice Loomix and

Hubbard Feeds, to name just a few.

Featured business: **The Finery Boutique**  
Chamber Director: Kyle Riggerbach
