## **Adolescent Addiction Support Workshop:**

On Friday, April 29th from 6:00 P.M. to 8:00 P.M. and Saturday, April 30th from 9:00 A.M. to approximately lunchtime, CAAMHP is hosting an Adolescent Addiction Support Workshop in Del Norte. The workshop is designed for adults who are caring for adolescents struggling with addiction. We welcome parents, foster parents, extended family members, coaches, youth pastors, etc. - basically, anyone who regularly interacts with or serves as caregiver for a youth that is dealing with substance abuse is highly encouraged to attend. Through participating, folks will learn about ways to adapt parenting styles to best care for adolescents who are facing addiction, will walk-through safety planning, will discuss how to support a struggling adolescent while simultaneously addressing the equally important component of self-care, and will be connected with resources relevant to their respective situations. The workshop will be facilitated by licensed behavioral health professionals who are well-versed in youth and adolescent addiction, and it is cost-free to those who attend. In the near future, we will be finalizing a venue in Del Norte, and everyone who registers will be sent specific event details prior to the workshop so they know where to meet.

## **Counseling Vouchers:**

CAAMHP provides free counseling sessions to folks living in rural communities where behavioral health services are often lacking and/or are cost-prohibitive to local residents. We offer telehealth options so patients can access care remotely, and each counselor in our network is required to participate in a training we facilitate that aims to equip providers with a better understanding of the unique stressors commonly experienced by farmers, ranchers, agricultural workers, and rural residents of all ages.
